ADDICTIONPSYCHFELLOWSHIP.UCSD.EDU

WIDE RANGE OF CLINICAL TRAINING SITES

We provide outpatient, inpatient, residential, and community health site rotations.

These sites serve a diverse population, including underserved patient populations.

DIVERSE THERAPIES

Fellows are trained in:

Medication Management with naltrexone, buprenorphine, methadone, others

Psychotherapy with motivational interviewing, CBT, ACT, others

RESEARCH AND TEACHING OPPORTUNITIES

Fellows can participate in research with nationally distinguished UCSD and VA faculty and teach residents/trainees.

UCSD offers Faculty and Fellows As Clinician Educators (FACE) Course to improve fellows clinical teaching skills.

CARLA MARIENFELD, MD DFAPA, FASAM

Program Director

NRMP PROGRAM CODE: 1049401FO

University of New Mexico Addiction Psychiatry Fellowship

- Opportunity to train in a culturally rich and diverse setting with some of the highest rates of substance use disorders in the nation
- Opportunities to participate in cutting edge research, including:
 - Ketamine for methamphetamine addiction
 - Psilocybin for treatment resistant depression
 - MDMA for PTSD + Opioid Use Disorder
 - TMS for PTSD and stimulant use disorders
- Unique clinical opportunities and elective rotations that span multiple ASAM levels of care, including:
 - A multidisciplinary outpatient clinic that includes walk-in addiction care, psychiatric care, primary care, infectious diseases treatment, psychotherapy, and treatment of pregnant individuals with substance use disorders
 - Interventional pain clinic
 - A clinic dedicated to treatment of HIV and LGBTQ individuals
 - Opioid Treatment Program
 - Criminal justice settings in youth and adult populations
- A chance to be meaningfully involved in policy work
- Opportunity to collaborate with Indian Health Service and various tribal clinics
- Engaged and collegial faculty and colleagues
- <https://hsc.unm.edu/medicine/departments/psychiatry/education/fellowships/addiction/>

THOMAS JEFFERSON UNIVERSITY ADDICTION PSYCHIATRY FELLOWSHIP PROGRAM

- Academic, community-based, non-VA experience in a diverse, urban setting disproportionately impacted by the opioid overdose epidemic/2 fellowship positions per year
- Major Clinical Experiences:
 - **CHARGE Clinic:** Adolescent substance use clinic co-managed with our Child & Adolescent Psychiatry fellows and faculty
 - **JAMS (Jefferson Addiction Multidisciplinary Service):** Inpatient interdisciplinary addiction consult service
 - **JOAPS (Jefferson Outpatient Addiction Psychiatry Service):** Outpatient clinic treating adults with comorbid psychiatric disorders and substance and behavioral addictions. Diverse patient population including Jefferson employees/students and those who are commercially and publicly insured.
 - **NARP (Narcotic Addiction Rehabilitation Program):** Jefferson's comprehensive opioid treatment program (methadone/bup, counseling, groups, Hep C tx, etc.). One of the few academic opioid treatment programs in Philly. A major teaching site for students/residents/fellows.
 - **NET (Northeast Treatment Centers):** One of our community partners. Buprenorphine treatment in a community setting and those court-mandated to treatment.
 - **Pain Medicine:** Available experiences include inpatient acute pain management service, outpatient Jefferson chronic pain center, and inpatient palliative care service
 - **Protected Time:** Wednesdays fully protected from clinical work so that fellows can attend supervision, grand rounds, didactics, journal club, etc. + additional ½ day per week for academic projects
- No call, no weekends, moonlighting allowed
- Multiple opportunities to actively participate in Philadelphia Department of Public Health SUD taskforces

Program Director: William Jangro, DO william.jangro@jefferson.edu

IU Addiction Psychiatry Program

An ERAS/MATCH program

Andy Chambers, MD , Fellowship Director (2012-present), HRSA-AMF Project Director
Olawale Ojo, MD & Alex Thomas, MD, Associate Fellowship Directors
Linda Dye, Administrative Coordinator (ldye@iu.edu)

Grant Support

- IUAP program is one of only 11 AP programs in the U.S. awarded an HRSA-AMF (Addiction Medicine Fellowship-Grant (2020-2025)), an investment valued at up to \$4 Million over 5 years.

Program Uniqueness

- Only program in U.S. to publish and utilize a dedicated Addiction Psychiatry Textbook for Fellows as a core training and seminar guide (*'The 2x 4 Model'* (2018) RA Chambers, Routledge, New York).

Scholarly and Leadership Experiences

- IUAP Fellows are trained as leaders and as academic 'Triple Threats' in Addiction Psychiatry; clinical experiences are balanced with protected time to support effort on a publishable scholarly research project; preparation and delivery of resident didactics in addiction psychiatry and a departmental grand rounds; co-leadership in running and selecting topics for the weekly IU addiction psychiatry symposium.

Program Accolades

- Since class of 2020, 100% of graduating AP fellows have gone into academic positions across multiple states (e.g., Indiana, Illinois, Texas, Wisconsin, California, Minnesota). A national leader in DEI training in addiction psychiatry, > 40 % of IUAP fellows recruited/trained since 2020 are Black American Physicians.

Clinical Experiences

- IUAP fellows build longitudinal relationships with patients and care teams in Integrated Dual Diagnosis programs in academic medical center, community mental health and the VA settings.

University of California, San Francisco

Addiction Psychiatry Fellowship Program

- Up to 4 fellows per year; 1 year fellowship
- Multiple clinical sites offering range of treatment settings and patient populations
 - **San Francisco VA Medical Center** [3 rotations + continuity clinic] – inpatient & ER consultation, outpatient clinics including opioid treatment program and Intensive Outpatient Program.
 - **Kaiser Addiction Services** [1 rotation + continuity clinic] – adolescent/family med, inpatient consult, outpatient med management + group therapy, Suboxone Group and Family Groups.
 - **Electives** [Half day/week] – Psychedelic medicine, street medicine, forensics, clinical research, ketamine and ECT clinics, range of other local sites and options
 - **Psychotherapy** – Individual and group psychotherapy for addiction experience/supervision
 - **Didactics** [½ day/wk] – Multidisciplinary addiction seminar with psychologists, addiction medicine, social work, pharmacy. Addiction Board Review. Rotating community supervision.

Dartmouth-Hitchcock Addiction Psychiatry Program

- 2 fellows per year; 1 year fellowship
- 4 clinical sites offering range of settings and clinical experiences
 - **DHMC Addiction Treatment Program (ATP)** [6 months part-time]
 - Intensive Outpatient Program (3 mornings/week for 3 months)
 - Moms in Recovery Program (1 day/week for 3 months)
 - Outpatient SUD clinic (3 afternoons/week for 6 months)
 - **White River Junction VA** [6 months full-time + Fridays all year] - Residential Recovery Center (RRC), outpatient clinic, pain clinic, consults
 - **West Lebanon Comprehensive Treatment Center** [2 mornings/week for 3 months] – Opioid Treatment Program (OTP; methadone)
 - **New Hampshire Hospital** [1 day/week for 3 months] – addiction consults
- Program director: Luke Archibald, MD (luke.j.archibald@hitchcock.org)
